April Trail Care Crew Visit

SAMBA is happy to announce that we've been chosen to host a visit from the IMBA Trail Care Crew this spring and we will be holding three events during the first week of April.

The team will be in town teaching their "Trail Building School" to examine sustainable trail building techniques, and we will be working with them to start construction of a new section up at Rattling Creek

,
weather permitting.

Another one of the key functions of the TCC is to help clubs learn ways to grow and strengthen through their "Club Care" seminar.

Lastly, the TCC will lead the presentation "Better Living through Trails" which is targeted at local officials, land managers, and political figures and outlines

the benefits of having a new Mountain Biking trail in their community. That's right! We said "new Mountain Biking trail

."

Maybe we'll even get to do some riding!

To learn more please see the events flyers below then follow the link to register.

Pre-registration requested but not required. All events open to SAMBA members and we hope to see you there!
