---

We are looking to finish up taming the jungle at Swatara State Park Thursday nights on July 11<sup>th</sup>

& 18

th.

We will be hiking in at 6:15 and working till around 8:30pm. SAMBA will supply the tools, but if you would like to bring a gas trimmer you may. (Note: just in case you are allergic; there is a lot of poison)

Please send Brian a message if you can make it.

Thanks for your time and support; see you out on the trail.
