

Hello SAMBA,

I just wanted to take a few moments to pass on the August SAMBA update:

TRAIL WORK UPDATE: A huge thanks goes out to all of the volunteers that helped over 150 hours with the trail trimming projects this year. As you may have seen SAMBA volunteers worked hard to keep the trails open and most importantly opened up the sight lines so we see each other out on the trails. A goal of mine is to be able to purchase additional trimmers with the power scythe to make the work go quicker.
